

## We've got plans... come and see them

West Crosscauseway Association would like to consult you on its outline design proposals for Causey2 — transforming a place.

You may remember The Causey, our award-winning temporary transformation in May 2007. Since then we have been working towards the permanent transformation of West Crosscauseway from a space for cars into a place for people. Hosted at Inspace — New Media Scotland and Edinburgh University's School of Informatics joint exhibition space—the exhibition includes films and photographs of the Community Ideas Workshops that were attended by over 90 people, as well as the outline design proposals for The Causey based on the ideas expressed at these workshops.

Don't miss this opportunity to comment on the proposals and influence how Causey2 is designed and used in the future for people. We'd like to hear what you think.

### Public consultation opening times and venue

**Thurs 3 June, 6–8 PM • Fri 4 June, 12–2 PM • Sat 5 June, 11 AM–1 PM**

Inspace Gallery, Crichton Street / Potterrow, Edinburgh EH8 9AB
